

PRESENCE SSOO

Presence Controller

The screenshot shows the 'Presence Controller' configuration window. It has a title bar with a close button (X) in the top right corner, which is labeled with a red circle containing the number 7. The main content area is titled 'Presence Controller' and contains several settings:

- 1**: Check-in message: A text input field containing 'Hey are you still there?'.
- 2**: Random pop-up every: Two input fields, the first containing '1 min' and the second containing '2 min', with the word 'to' between them.
- 3**: Auto close after: A dropdown menu with 'Never' selected.
- 4**: Play audio notification: A toggle switch that is currently turned on (blue).
- 5**: Auto-log out after: A dropdown menu with 'Do Not Log Out' selected. Below this dropdown is a small text note: 'It is an amount of messages missed by attendee after which he will be logged out from the room'.

At the bottom of the form is a blue 'Activate' button, which is labeled with a red circle containing the number 6.

1. Check-in Message - a message that will appear in the pop-up on the participant's screen
2. Random pop-up every - point the range of time the pop up should appear
3. Auto close after - define the duration of the pop up on the attendee screen
4. Play audio notification - you can turn on the audio notification for the attendee
5. Auto-log out after – you can decide if you want to log out the attendee due to his inactivity. You can define after how many inactivities the participant will be logged out.
6. Activate – turn on the Presence Controller
7. Close
